

REMARKS

The purpose of this amendment is primarily to eliminate multiple claim dependencies and to place claims 2, 11, 13, 14, 16, 17, 21, 23, 28 and 31 in a form which better complies with U.S. Patent and Trademark Office requirements.

This amendment also includes new claim 35 which is directed to the subject matter which was deleted by amendment from claim 12.

It is noted that original claim 29 (second occurrence) and 30-33 have been renumbered as claims 30-34.

Entry of the present amendment is hereby requested. These claim amendments are supported by the original descriptive text and claims of the international application and does not introduce new matter into the application.

Early and favorable consideration of the application, as now amended, is respectfully requested.

Respectfully submitted,
